Australian accomodation

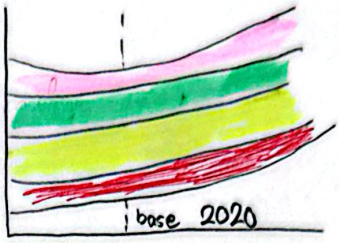

Australia's accomodation numbers have varied by several types this illustration means to show the recovery after events like covid 19, and meant to show how recovery is uneven.

Section 1

Line of recovery 2019-2024

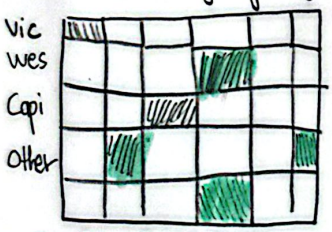

stream chart of recovery

Legend
- hotel
- home
- rent
- friend
- other

Section 2

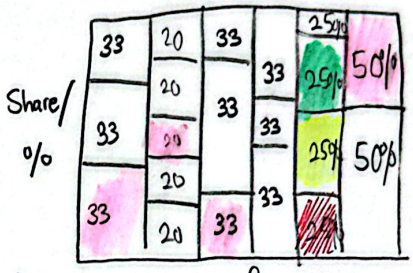

State nightly stays

Scale of nights

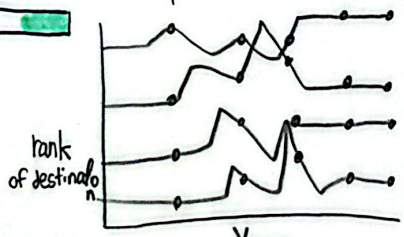

Mosiac For accomodation amongst states

Legend
- hotel
- home
- rent
- frer
- other

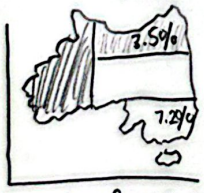

bump chart for rank destination

- Vic
- wes
- Capitatal
- Northen

Section 3

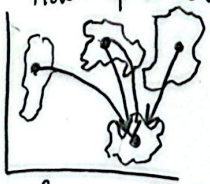

Chloropleth of visitor overtime

Legend scale of change

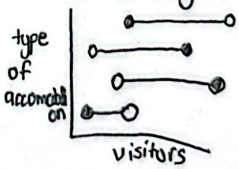

flow map of interational visitors

Scale — for people

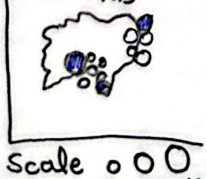

Growth
Decline

Dumbell chart for change of nights by accomodation categories

Section 4

Proportional symbol map of listings in Aus

Scale o O O
100 1000 10000

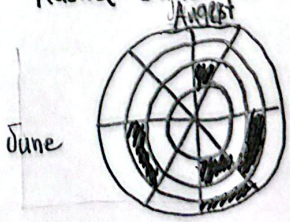

Color for listings

Area chart for prices per destination

Radial season for accomodation

Scale to show visitor difference

Conclusion

Therefore after investigation this shows that recovery is uneven across multiple states
